

# Take the vision quiz

A Vision Quiz is the first step toward assessing if a student has a visual problem. Write in the number that best describes how often each symptom occurs.

How often does your child experience or have the following symptom?	Score
Headaches from close up work or reading?	
Words slide together or get blurry when reading?	
Eyes burn, itch or water?	
Skips/repeats lines when reading?	
Difficulty coping work from board?	
Doesn't like reading or writing?	
Leaves out small words when reading?	
Writes uphill or downhill?	
Misaligns digits/columns of numbers?	
Low reading comprehension or comprehension that decreases as day progresses?	
Holds reading material too close?	
Trouble keeping attention on reading?	
Difficulty completing work on time?	
Gives up easily (Always says "I can't" before trying)?	
Clumsy, bumps into things, knocks things over?	
Does not use their time well?	
Loses belongings/things?	
Forgetful/poor memory?	
<b>Total score</b>	

0=Never

1=Seldom

2=Occasionally

3=Frequently

4=Always

A score of 20 or more indicates the need for a behavioural optometric exam.

**We believe sight should be cherished from childhood so it lasts a lifetime.**
